

ABOUT SOMALEV

Somalev's journey has been marked by a relentless pursuit of excellence and a commitment to meeting the evolving needs of its customers. With a team of skilled professionals and a fleet of cutting-edge equipment, Somalev has emerged as a trusted partner for contractors across a range of industries.

The company's unwavering focus on delivering exceptional service and innovative solutions has allowed it to hit several key milestones in its growth journey. From its establishment in 2014 to its specialization in wind energy projects in 2018, Somalev has consistently expanded its range of services and expertise to better serve its customers. But it's not just about the numbers for Somalev - the company takes pride in the meaningful impact it has on the communities it serves. As Somalev continues to grow and evolve, its commitment to making a positive difference remains at the forefront of its operations. In short, Somalev is more than just a company - it's a partner, a leader, and a force for positive change.

SINCE 2014 FOUR YOURS

It's not just about the numbers for Somalev - the company takes pride in the meaningful impact it has on the communities it serves. As Somalev continues to grow and evolve, its commitment to making a positive difference remains at the forefront of its operations. In short, Somalev is more than just a company - it's a partner, a leader, and a force for positive change.

Mission

At Somalev, we aim to be in a leading position in the lifting and transportation industries. Since our establishment in 2014, we have gained a high level of experience and knowledge thanks to our professional teams and efficient equipment fleet. Our increasing ambition, combined with expertise, skills, and meticulous organization, has enabled us to expand our scope of intervention and reinforce our position as a national benchmark operator.

Our vision is to be a leader in the industry by providing high-quality, safe, and efficient services that meet our customers' lifting and transportation needs. To achieve this vision, we aim to conduct all our projects with constant attention to quality and safety, thanks to our experience and dynamism.

HSSEQ

Regardless of the circumstances, safety during lifting and exceptional transport activities represent challenging aspects for many industries. At Somalev, health and safety is at the forefront of our operations. Our unwavering commitment to a comprehensive safety approach is deeply rooted in our policies and philosophy; and we put safety first to ensure the physical and moral integrity of every team member. We firmly believe that this principle not only benefits our people and clients but also enhances their efficiency, performance and overall satisfaction with our services. By prioritizing safety, we strive to provide the highest level of service to our clients and achieve excellence in all our activities.

Our commitments translate into

- Full availability of human and material resources and the ability to provide permanent responses to requests from our customers.
- Continuous improvement of ISO 9001: 2015 quality management systems.
- Increased performance in terms of occupational health and safety as part of our ISO 45001:2018 certification.
- Meeting all the requirements that our environmental management system must comply with for ISO 14001 certification.
- Identification of safety hazards, assessment of job-related risks in your fields, and implementation of adequate HSE preventive plans.
- Continuous support and training for our employees to improve their skills and technical knowledge.
- Comprehensive solutions continuously enriched with our experts to better meet your changing needs.

Environment and Future

Somalev is committed to progress with an awareness of responsibility towards future generations, protecting the environment and natural resources. The critical role that Somalev plays in the realization of renewable energy projects such as wind farms, solar power plants, and hydroelectric dams is proof of a strong belief that a sustainable environment for all is key for development.

We prioritize environmental sustainability by implementing appropriate actions. These include

ENERGY

At Somalev, we pride ourselves on being an innovative service provider in the energy sector. Our team has successfully executed some of the most challenging transportation projects in the most congested and difficult areas. Through our innovation and expertise, we have developed specialized capabilities that enable us to deliver exceptional performance to meet the unique needs of the energy sector. Whether we're installing new equipment or responding to urgent operational needs, we work tirelessly to ensure that our clients maintain the highest levels of production and distribution service.

OIL & GAS

Somalev provides integrated logistics services for the oil and gas sector. With our industrial heavy lift, transport, and installation solutions, we assist our customers in successfully completing their projects. Somalev uses specially designed equipment to ensure the safe handling and transportation of equipment, and our people are specifically trained according to the best standards to deliver safe performance even in highly demanding projects. Our goal is to become the local leader in the industry by providing high-quality services to our customers in the oil and gas sector.

RENEWABLE ENERGY - WIND

Somalev is a leading engineering company in the renewable energy sector. To meet the needs of our customers, we follow the latest developments in renewable energy technologies and offer sustainable solutions. Our experience and expertise in the renewable energy sector give our customers confidence in our ability to provide top-quality service. At Somalev, we provide heavy-load transportation, lifting, and installation services for energy production from wind, solar, hydraulic, and other renewable energy sources. Using equipment specifically designed for our renewable energy sector customers, we ensure safe transportation and installation of equipment. We are also experts in project planning and management, providing flexible and personalized solutions to meet all of our customers' needs. Somalev contributes to the global energy transition by providing sustainable and environmentally friendly logistics solutions in the renewable energy sector.

CONSTRUCTION INFRASTRUCTURE

Somalev is an engineering company specializing in providing services to the construction and infrastructure sectors. We offer high-quality and sustainable solutions by utilizing the latest technologies to meet the needs of our clients. Our experience and expertise in the construction and infrastructure sectors give our clients confidence in our ability to provide top-quality service. Somalev provides heavy-load transportation, lifting, and installation services for infrastructure projects such as bridges, tunnels, dams, hydroelectric power plants, metro lines, and more. We work closely with our clients throughout all project phases, providing customized solutions to meet their specific needs. Our specially designed equipment ensures the safe transportation and installation of equipment. We are also experts in project planning and management, providing flexible and personalized solutions to meet all of our client's needs. Somalev aims to provide sustainable and reliable solutions in the construction and infrastructure sectors to meet the needs of our clients and society.

PORT ACTIVITIES

We provide tailored engineering solutions in the Shipyards sector by working with industry leaders, using state-of-the-art technologies, and adhering to the highest quality standards to meet our customers' needs. Our experience and expertise in the shipyards sector give our customers confidence that we can provide the highest level of service quality. Somalev offers heavy-load transportation, lifting, and installation services for shipbuilding, repair, and maintenance projects. We support our customers throughout their projects and provide customized solutions to meet their needs. Our specially designed equipment ensures the safe transportation and installation of critical components such as ship parts, engines, and other heavy equipment. Additionally, we are experts in project planning and management and offer flexible and personalized solutions to meet our customers' needs. Somalev aims to provide sustainable and reliable services in the shipyard sector to meet the needs of our customers and society.

SOMALEV

HEAVY AND EXCEPT TRANSPORT

SOMALEV provides specialized heavy and exceptional cargo transport services to meet the unique needs of its clients. With a team of experienced professionals and state-of-the-art equipment, we can handle even the most complex and challenging transport projects with efficiency and precision. Our exceptional heavy cargo transport services include the transportation of oversized and overweight loads, as well as the coordination of logistics and route planning. We work closely with our clients to ensure that their cargo is transported safely and securely and that their project timelines are met. At Somalev, we understand the importance of delivering exceptional service to our clients. That's why we are committed to providing reliable, cost-effective solutions that meet the highest quality and safety standards. Contact us today to learn more about our heavy cargo transport services, and how we can help you with your next project.

INDUSTRIEL RELOCATION - CARGO

Working with specially designed equipment and experienced staff, Somalev offers high-quality services for projects involving the relocation, lifting, and reinstallation of industrial facilities, factories, and other businesses. Our industrial relocation services include a range of services, such as the complete relocation, reassembly, and commissioning of industrial facilities. Additionally, we offer industrial cargo transportation services, which often involve heavy, large, and delicate loads. At Somalev, we provide flexible solutions tailored to the needs of our clients. We work closely with our clients on industrial relocation and cargo projects, ensuring that their projects are completed on schedule. We understand the importance of providing exceptional service to our clients. Therefore, we are committed to meeting the needs of our clients by providing high-quality and safe solutions. Contact us today to learn more about our industrial relocation and cargo services.

HEAVY LIFTING

Somalev provides specialized heavy lifting services to meet the unique needs of its clients. With a team of experienced professionals and state-of-the-art equipment, we can handle even the most complex and challenging lifting projects with efficiency and precision. Our heavy lifting services include the lifting and installation of heavy equipment, machinery, and other oversized items. We work closely with our clients to ensure that their lifting needs are met safely and securely, and that their project timelines are met. At Somalev, we understand the importance of delivering exceptional service to our clients. That's why we are committed to providing reliable, cost-effective solutions that meet the highest quality and safety standards. Contact us today to learn more about our heavy lifting services, and how we can help you with your next project.

RENTAL

Somalev provides specialized equipment rental services, offering high-quality equipment equipped with the latest technological innovations to meet the unique needs of our clients. Our rental services include heavy lifting equipment, cranes, forklifts, excavators, construction machinery, and many other specialized equipment. As Somalev, we offer equipment of different sizes and capacities to meet the needs of our clients. Our clients can benefit from Somalev's wide range of equipment, enabling them to be more efficient and productive in their projects. Additionally, our equipment rental services help reduce our clients' costs. At Somalev, we strive to provide superior service to our clients. Our equipment is regularly maintained and tested, and we work diligently to provide the right equipment for our clients' projects. Contact us today to learn more about our equipment rental services and how we can provide solutions tailored to meet the needs of our clients.
